

## SWEETHEART RING A SMART-SET RAGE

Marjorie  
Carvell

Los Angeles, Cal.—Girls have you "caught on" to the new "sweetheart ring"?

It's deliciously novel, and such fun to wear "his" face, especially if the other girls don't happen to know who HE is, and then let them guess!

This latest novelty has been in-

troduced to the smart set in Southern California by Miss Marjorie Carvell. Of course her first appearance wearing it caused no end of questions.

"This is a splendid idea in case you and your sweetheart are to be separated," Miss Carvell said.
